Notification by Tenney Telephone Company, Inc.,
That It Intends to Increase Telephone Rates

5850-TR-104

NOTICE OF INVESTIGATION AND ASSESSMENT OF COSTS

On February 9, 1998, the Public Service Commission (Commission) received notification from Tenney Telephone Company, Inc., (TDS Telecom, Alma Office) that it intends to modify rates for several classifications of telephone service at its Alma exchange in Buffalo County. The changes include increases in prices for local service, some nonrecurring services, directory assistance, directory listings, custom calling features, and other miscellaneous services. Some charges are being restructured or eliminated. The utility served notice of the rate changes to its customers on February 10, 1998. Under § 196.215(3)(a), Stats., the proposed rates will become effective April 10, 1998. Customers have the opportunity to petition the Commission for an investigation of the utility's rate increase.

NOTICE IS HEREBY GIVEN that the Commission will investigate this matter under § 196.215(3)(a), Stats. If the Commission receives a timely petition (by April 10, 1998) from at least 82 customers of the utility requesting that the Commission determine rates, tolls, and charges, the utility's proposed increases may still go into effect; however, the rates will then be subject to refund and further investigation will be necessary.

NOTICE IS FURTHER GIVEN that the Commission deems it necessary in order to carry out its duties herein to investigate the books, accounts, practices and activities of Tenney Telephone Company, Inc., as a public utility. The expenses incurred or to be incurred by the Commission which are reasonably attributable to such investigation will be assessed against and collected from Tenney Telephone Company, Inc., as a public utility, in accordance with the provisions of § 196.85, Stats., and ch. PSC 5, Wis. Adm. Code.

This action is classified as a Type III action according to § PSC 4.10(3), Wis. Adm. Code. Furthermore, since no unusual circumstances have come to the attention of the Commission which indicate that significant environmental consequences are likely, neither an environmental impact statement under § 1.11, Stats., nor an environmental assessment is required.
